Inter University Accelerator Centre is an Inter-University facility under UGC for accelerator based research. IUAC intends to appoint Research Associates (RA) for Energetic Ion Beam based experimental Research work in **Nuclear Physics / Materials Science / Radiation Biology / Accelerator Mass Spectrometry and Atomic and Molecular Physics**. Those who have Ph.D. degree (or submitted thesis) in the areas of experimental research in the above disciplines can apply. Selected Candidates will be paid fellowship as per UGC / CSIR guidelines. The total numbers of vacancies are 12 (OBC-3, SC-2, ST-1, EWS-2 & UR-4).

The candidate should have a good academic record and research experience as evidenced from published papers in standard referred journals. Candidates having research experience in the area of Ion-beam based experiments will be preferred. Eligible candidates are required to apply online from our website [www.iuac.res.in](http://www.iuac.res.in) . The last date for submitting application is 8<sup>th</sup> October, 2020 upto 17:30 hrs. Candidates shortlisted for interview will be informed about the time and mode of interview.
